LOCAL DIALING

On calls within your community Dial the listed number

TO CALL FROM	{ Sebring TO Spring Lake Spring Lake TO Sebring }	DIAL LISTED NUMBER
--------------------	--	--------------------------

All other calls are Long Distance (toll) calls.

HOW TO DETERMINE IF A PARTY IS ON YOUR LINE

If a "Busy Signal" is continually received, it may mean that you are calling another party on your line. You may determine if a telephone is on your line by calling Repair Service between the hours of 8 AM and 5 PM. For Repair Service dial 811

HOW TO CALL A PARTY ON YOUR LINE

- | | | |
|--|---|--|
| AVON PARK (452-453)
SEBRING (382-385) | { | <ol style="list-style-type: none">1. Dial the special code number 88.2. Dial the telephone number as listed in the directory.3. You will receive the busy-tone when the dialing is completed. This is a signal to replace your receiver.4. Replace your receiver and allow sufficient time for the called telephone to ring several times.5. The called party upon answering, will hear a ticking-tone to inform him that he is receiving a call from someone on his line and this is a signal for him to wait until the calling party returns to the line.6. Pick up your receiver again and if the called telephone has answered you may complete your conversation as on any other call. |
